There's too much stuff going on to talk about everything

Let's talk about what KINDS of things can come up

Let's talk about what kinds of things can come up and **how to work through them**

Topics:

- Input
    - Data collection
- Output
    - Ethics of the intent
    - Unintended consequences (beta?)

Topics:

- Input
    - Data collection
- Output
    - Ethics of the intent
    - Unintended consequences (beta?)

Think of the following:

- Who's vulnerable, or at risk of harm, in this situation?
- How are they at risk?
- What could you do to mitigate harm?
